Comfortable Elegance

At Table of 5 Catering, we strive to provide the freshest, best tasting food for your event. Our Bistro menu has been filled with good classic family favorites prepared in a common fashion. We decided to call this menu Bistro as it really defines our food for this set of customers. A **bistro** as defined by Wikipedia is: in its original Parisian incarnation, a small restaurant serving moderately priced simple meals in a modest setting.

This menu can scale from 15 people to over 300 but remains economical and great tasting. The menu items are more family style buffets versus high-end china plates and Lobster. We will fill the room with smells of down home favorites as we start your event.

As always, we believe, as does Peter Drucker, *“Quality in a service or product is not what you put into it. It is what the client or customer gets out of it.”*
